ONE APPLIANCE, MANY USES...

PREPARE DIFFERENT CUISINES AT THE SAME TIME..

The De Dietrich steam oven is the ideal kitchen appliance as it allows you to do steam cooking of meat, fish, vegetables and gentle preparation of soup (without double-boiling), casseroles and desserts.

It is ideal for gentle defrosting of meat and vegetables (without cooking), as well as reheating of food (food will not harden or dries up). The steam oven is also great for rehydrating dried fruits as well as to blanching fresh vegetables without losing essential vitamins and minerals.

DOV1145X

Healthy cooking with no fats or seasonings.

Stainless steel interior with removable water reservoir.
