

# MODEL AGS611

GRANITEK SINGLE-BOWL SINK BLACK OR WHITE  
INSET

## OUR REVOLUTIONARY TECHNOLOGY

Our manufacturing process uses a moulding technology system, meaning Artusi Granitek sinks consist of a substantial and even distribution of its components including within the sink mass. This technology is internationally patented.

Granitek is the name given to our process of bonding granite and acrylic resin. This process results in the highest-quality finish, as it gives greater protection against high temperatures, cracks and chips, and is more resistant to heavy impacts.

CERAMISATION is a method of colouring the granite particles by penetrating the whole mass, through a firing process of heating the material to over 700°C. This ensures the colour can penetrate deeply, reaching particles' core. The result is a significant improvement to resistance against discolouration.

## PRODUCT INFORMATION

- Sink Kit: Space saving siphon, waste and pre-mounted hooks

**Features**

Dimensions (mm)	Built-in hole (mm)	Base	Base with composition	Inset
Anti-bacterial surface	Distance to mixer	Bowl depth (mm)		

AGS611B

AGS611W

Available accessories:  
AGB01304 - Drain Rack

EAN AGS611B: 9347777001528

EAN AGS611W: 9347777001535

AR311018

## DISCLAIMER

Eurolinx PTY LTD, is continually seeking ways to improve the design specifications, aesthetics and production techniques of its products. As a result alterations to our products and designs take place continually. Whilst every effort is made to produce information and literature that is up to date, this brochure should not be regarded as an infallible guide to the current specifications, nor does it constitute an offer for the sale of any particular product. Product dimensions indicated in our literature is indicative only. Actual product only should be used to define dimension cut outs. Distributors, and retailers are not agents of Eurolinx and are not authorized to bind Eurolinx by any express or implied undertaking or representation.
